SHARING GOD'S JOY

Mr. Crawford's subject at the First Presbyterian Church last night was the joy of the Shepherd on finding his sheep. "Rejoice With Me," the believer is invited to share God's great joy over the recovery of the lost.

The evangelist very graphically and eloquently produced the scenes about the sheepfold on the losing and finding of the sheep, and cited many experiences of the recovery of lost men and women to God. These are our friends and neighbors and God asks us to show some of His interest in them and to labor with Him to recover them that we may share His joy when they return.

The regular meeting of the Ladies' Catholic Benevolent Association will be held this evening at 7 o'clock in First-Standard Bank building. Business of importance.

DO NOT WORRY

About Transports Being Sunk Says Bowden Cummins in Letter to His Father Here.

Mr. Thomas Cummins is in receipt of the following letter from his son, Bowden:

Camp Merritt, February 7, 1918.
Dear Father:
Don't any of you worry because of the American transport being sunk. It only makes it safer for us, we will be more closely guarded on account of that. We will be under heavy guard.

Am fine. Expect to sail soon. Can't write more now as I am at work at headquarters.
With love,
BOWDEN.

449,120 POUNDS

Of Tobacco Sold Here Yesterday, Although Only Three Houses Had Sales—Some Good Prices Obtained.

Tobacco sales on the Maysville market yesterday totaled 449,120 pounds, prices ranging from \$8.25 to \$49. All the houses were almost full and it was only possible for the buyers to get to three houses. All the other warehouses will have sales today.

The tobacco being offered now is of a better quality and is therefore commanding better prices.

Following were the houses reporting sales yesterday:

MADE TO REGISTER

Carl Parsons, Who Has Been Accused of Making Unpatriotic Remarks On Several Occasions, Made To Register and Must Prove His Age.

Carl Parsons, the young man who was brought before County Attorney W. H. Rees several months ago on a charge of having made unpatriotic remarks concerning the government, but who was released because of insufficient evidence, was brought before Chief of Police Harry A. Ort Tuesday night because of more alleged remarks about the government, registration and the city's vaccination order.

It was charged that Parsons had made some very unpatriotic remarks concerning the various activities of the government and had also said that no one could make him be vaccinated, as required by the recent order of the Board of Health.

Parsons was very impertinent and evasive in his answers and Chief Ort told him that he would have to register for the selective draft or go to jail. Parsons contends that he is not 21 years of age, although he looks to be older. Chief Ort stated to him that he must register first and prove his age afterward. This, Parsons refused to do at first, but when an officer started to jail with him, he changed his mind and filled out a questionnaire, being placed in Class 1.

LARGE LAND DEAL

What is perhaps the largest deal in Mason county land was pulled off here yesterday when Messrs. Thomas L. Ewan and Sherman Arn, local real estate dealers, sold the W. W. Ball farm of 205 acres, located about four miles from Maysville on the Fleming pike, to Mr. Joseph Perraut, of Bourbon county. This is one of the finest and best improved farms in Mason county, and the price paid was in the neighborhood of \$50,000 by far the largest land deal in this section for many years. Mr. Perraut will move to the farm about March 1.

RIVER AGAIN FULL OF ICE

The river is quite full of floating ice again this morning and navigation is suspended. The ice started to flowing heavily again yesterday afternoon about 4:30 o'clock, catching the ferry Laurence in mid stream. The boat was able to get to shore, however, with no damage done. This ice is from the Wheeling gorge and although quite heavy, seems to be well broken up.

The Ladies' Working Society of the First Presbyterian Church will meet Friday afternoon at 2:30 o'clock in the Library of the Church. They are engaged in Red Cross work this winter and have purchased an electric machine to aid them further in accomplishing their purpose. It is desired that as many of the ladies of the church as can attend these meetings and help in this work.

TEUTON ALLIES MAY SPLIT

Separate Peace With Austrians Thought Likely—Dual Monarchy Declared in London Unwilling to Fight British and Americans.

London, February 13—According to the lobby correspondent of the Daily News, facts are known which bring the possibility of a separate peace between Austria-Hungary and the Entente Allies much nearer. Great reluctance, he says, is manifested in Austria toward the prospect of fighting with British and American troops on the western front.

Amsterdam, February 13—The Berlin Tageblatt says that the Central Powers have addressed a demand to Rumania to enter peace negotiations and requested an answer by this evening. The newspaper says the demand did not take the form of an ultimatum with an inherent threat.

Count von Hertling, the Imperial German Chancellor, it is reported unofficially, will answer President Wilson's address to Congress in the German Reichstag next Tuesday. President Wilson saw a difference between the Chancellor's recent statement and that of Count Czernin, the Austro-Hungarian Foreign Minister, and declared that Count von Hertling had not withdrawn from his position that peace should be made on Germany's terms.

Facts are known in London, the Daily News says, which bring closer the possibility of a separate peace between Austria-Hungary and the Entente. Austria is said to look with disfavor on sending her soldiers against the troops of the United States and Great Britain.

Challenged to move want of confidence in his Government by Premier Lloyd George, the British House of Commons yesterday failed to take such action. Criticism of the Versailles council and the Premier's attitude concerning it was voiced in the House by former Premier Asquith and other speakers. As to reports that Field Marshal Haig and Gen. Robertson had been dismissed or had resigned, spokesmen for the Government denied the truth of such statements.

Premier Orlando has declared that Italy will fight on until victory is achieved.

RESIGNS PASTORATE

Of Central Presbyterian Church—Rev. Locke White To Accept Commission As Army Chaplain.

In the letter received yesterday by the officers of the Central Presbyterian Church, Rev. Locke White, the pastor, who has been doing religious work among the soldiers at Camp Green, N. C., tendered his resignation, he having decided to accept a commission as chaplain in the United States army.

About seven weeks ago Rev. White was given a three months' leave of absence to take up the work at Camp Green. He has been pastor of the local church for but a few months, but during his short stay in this city has made many friends who are sorry to know that he will not return here, but wish him much success in his new work.

PRAYER MEETING

Regular weekly prayer meeting service will be held at the Third Street M. E. Church tonight and will be led by the pastor, Rev. S. K. Hunt, who has just returned from Barboursville, where he conducted a successful series of revival meetings.

CHICKEN

Now Stricken From Menu—Sale of Hens and Pullets Forbidden By Order of Food Administration.

Chicken for dinner today?

No indeed: Not today, nor any other day from now until the first day of April, unless you are lucky enough to have a fowl or two running around in your own backyard, or to purchase one killed before yesterday morning.

For between February 11 and March 30, no live or freshly killed hens or pullets are to be sold, shipped or purchased.

The drastic order comes as a result of the countrywide scarcity of eggs, which recently sent the price of that commodity in Lexington up to the unheard of point of 75 cents a dozen.

The rule, which was promulgated by the Poultry and Egg Division of the Food Administration at Washington, absolutely prohibits the purchase, sale or shipping of any live or freshly killed hens or pullets, between February 11 and March 30, but provides, however, that "this order shall not prevent the purchase, shipment or sale between February 11 and February 23 of hens or pullets which were either killed or shipped prior to February 11 to markets for sale as food, and provided, further that nothing in this rule shall prevent the purchase or shipment or sale of live hens or pullets for egg production."

TO BE TAKEN TO REFORM SCHOOL TODAY

George Warner, the colored boy who last fall shot Bessie Johnson at her home in Dieterich's Lane, from the effects of which she died several days later, will be taken to the reform school at Greendale today by Sheriff Charles Galbreath.

DIED AT DAYTON, OHIO

Mr. Charles Sullivan, formerly of this city, died at Dayton, Ohio, on February 5, following a fall on the ice in which he sustained a fractured hip and later suffered a stroke of paralysis at St. Elizabeth Hospital, where he was confined.

DIED IN CINCINNATI

Word was received here yesterday that Miss Lillie Riggs, daughter of the late Captain William Riggs, died at Cincinnati yesterday afternoon at 2:05 o'clock. Her remains will be interred in the Charter Oak cemetery at Aberdeen Saturday.

TWELVE POUND PACKAGES OF FLOUR NOW PERMITTED

Grocers who have been greatly inconvenienced by the ruling which prohibited the packing of flour in less than 24-pound sacks, were given relief in an order issued by the United States food administration authorizing the packing of flour in one-sixteenth barrel, or 12½ pounds packages.

Since the new "fifty-fifty" regulations went into force, requiring consumers to purchase with all flour the same amount of some flour substitute, the poorer families have been compelled to buy in small quantities, necessitating the extra trouble of "breaking" the 24-pound sacks and repacking in smaller portions on the part of the grocers.

THE DAILY PUBLIC LEDGER

Published Daily Except Sunday, Fourth of July, Thanksgiving and Christmas by the Ledger Publishing Co., Maysville, Kentucky.

EDITOR AND MANAGER.....CLARENCE MATHEWS

Local and Long Distance Telephone No. 40. Office—Public Ledger Building.
Entered at the Maysville, Kentucky, Postoffice as Second-class Mail Matter.

"TEDDY!"

All day long the wires have been kept busy, all day long the telephone bells have been ringing.

The question has always been the same, "How's Teddy? What's that? Better? Out of danger, you think? Thank God for that! We need him. We need him worse now than we ever did."

A chorus of anxiety, of apprehension, of dread. A chorus of praise for this typical red-blooded American, of whom, say what you please, this you could not say—"He was too proud to fight." A chorus of regret—and this was very marked—that no place could be found for his energies, his gifts, his great influence; that, because his utterance was forthright, it was sought to keep him silent; that, because—first among prominent Americans—he had raised his voice for preparedness and the vindication of law, the defense of America's rights, he must suffer from a campaign of detraction.

Democratic speakers and Democratic newspapers have assailed Roosevelt as "a man on horseback," a "marplot," a "firebrand," a "fomenter of trouble." The President himself has given us to understand that he was "dangerous, passionate, and ambitious."

They see more clearly now. They perceive that, precisely as Cleveland's stand against European aggression in Venezuela made his administration memorable, so, likewise, under Roosevelt—the "irresponsible and warlike" Roosevelt—American diplomacy reached its highest and most useful manifestation. He did not plunge us into war. He did actually keep us out of war. And he did so because, back of his word stood the man himself; because he held Germany to respect of the Monroe Doctrine; because he compelled the Kaiser to withdraw his pretensions and submit to arbitration; because, as Baron de Constant said, he gave Europe four striking lessons. He was prompt, clear, unchanging. Every nation knew exactly what he meant and knew that back of him was determination, not flabbiness. That was a knowledge that made for peace.

It was said of him: "He did not avoid war. He saw it coming and went out to meet it and fetched it a watchful wallop across the brow and left it dead."

This is the man about whom the people have been worrying. They were thinking of him as man and as citizen, as President and as the embodiment of public spirit. They remembered his fine resiliency; his grit; his manliness; his hearty love for what was big and burly and up-building. They know you now why he could not attend the funeral of "John L."; they understand that, when he was being twitted with running away from Washington, he was on his way to a hospital and about to submit to a dangerous operation.—Louisville Herald.

AN APRIL-FOOL JOKE

Von Hindenburg has a gift for epigram, in his ponderous way. When a delegation of editors complained that the German people would be without food in May, he replied: "My answer is, that I will be in Paris in April."

Such terseness savors of the military sledge-hammer, and is therefore rather effective with a German audience. Also, it saves the trouble of logical reasoning and detailed explanation. Those editors looked with humble admiration at Hindenburg's heavy-jowled face and big fist, and slunk away.

So "Iron Hindenburg" is to take Paris by April! We might as well make up our minds to acquiesce in the inevitable. Hindenburg has spoken.

And yet, doubts obtrude. Didn't the German army plan definitely to be in Paris by September, 1914? Hadn't the Prussian military governor of Paris already been appointed before the march through Belgium began? And then, shortly after the battle of the Marne, didn't the Kaiser promise to eat his Christmas dinner in Paris? And Paris is still unpolluted by Prussian feet.

Hindenburg didn't explicitly say he'd get there on April first. But we have a suspicion, just the same, that he was April-fooling.

AMERICAN DEAD WILL REACH 159

A Scottish Seaport, Monday, February 11—The American dead as a result of the sinking of the steamer Tuscania apparently is at least 159.

Thus far 145 bodies have been buried along the Scotch coast and fourteen additional bodies were recovered today. Funeral services over the latter will be held tomorrow.

The bodies of a majority of the Americans were identified by means of metal discs which the men wore, and in the case of about twenty others which bore blank tags, identification was effected of most of them by a general description of the bodies or by letter found in the pockets of the men.

CRITICAL STAGE OF THE WAR REACHED, SAYS KING GEORGE

London, February 12—In his speech at the opening of Parliament today King George said the struggle had reached a critical stage which demanded more than ever the full use of the country's energies and resources.

Until recognition is offered of the only principles upon which an honorable peace can be concluded, the King declared, it is the duty of the British to prosecute the war with all the vigor they possess.

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly... Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then... it would last... two weeks, and was so weakening, and my health was awful."

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three... I gained, and was well and strong, and I owe it all to Cardui. I am married now and have 3 children... Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

DESERTS FOR WHEATLESS DAYS

Housekeepers and hotels have been in a quandary as to what kind of desserts to serve on wheatless days, since pies, flour puddings, and cakes are taboo.

The following receipts have been tested and pronounced delicious so perhaps these will aid the patriotic but perplexed cook a little. In tomorrow's Ledger a few more will be given:

Carrot Pudding

1-3 cup of dried carrots or one cup soaked.
1 cup raw Irish potato grated.
1 cup dried cherries, raisins, or currants.

½ cup suet chopped fine and melted.
1¼ cups flour.

½ teaspoon soda.
1 cup sugar.
1 teaspoon salt.

1 teaspoon cinnamon and one teaspoon cloves.
Par boil the carrots. Mix all dry materials together. Stir till thoroughly mixed. Steam three hours and serve with sauce.

Onl Meal Betty

2 cups cooked oatmeal.
½ cup raisins.
¼ teaspoon cinnamon, nutmeg.
4 apples cut up small.
½ cup molasses.

Mix and bake for one-half hour. Serve hot or cold. Any dry or fresh fruits, dates or ground peanuts may be used instead of apples. Either will serve five people.

Chocolate Cream Pudding

2 cups scalded milk.
5 tablespoons cornstarch.
½ cup sugar.
¼ teaspoon salt.
1-3 cup cold milk or water.
1½ squares of Bakers chocolate or 5 tablespoons of Cocoa.
3 tablespoons hot water.
Whites of three eggs.
1 teaspoon vanilla.

Mix the cornstarch, sugar and salt. Add the cold milk, stir thoroughly and then add to the scalded milk, cook in double boiler 8 to 10 minutes, stirring constantly until custard thickens. Melt chocolate in hot water till smooth, then add to the mixture. Add the stiffly beaten whites and vanilla.

GRANDMOTHER WAS THE DRUGGIST

In the early days of our country grandmother was the druggist, and here drugs consisted mostly of roots and herbs gathered from the fields and forests. There was peppermint for indigestion, mullein for coughs, skullcap for nervousness, thoroughwort for colds, wormwood for bruises and sprains and son on. They were successful remedies, too. It was from a combination of such roots and herbs that Mrs. Lydia E. Pinkham of Lynn, Mass., more than forty years ago, originated her now famous Vegetable Compound; and during all these long years no other remedy has ever been discovered to restore health to ailing women so successfully as this good old-fashioned root and herb medicine.

No one in Maysville Who Has a Bad Back Should Ignore This Double Proof.

Does your back ever ache? Have you suspected your kidneys? Backache is sometimes kidney ache. With it may come dizzy spells, Sleepless nights, tired, dull days, Distressing urinary disorders. Doan's Kidney Pills have been endorsed by thousands.

Are recommended here at home. You have read Maysville proof. Read now the Maysville sequel. Renewed testimony; tested by time. Mrs. John Burns, West Second Street, says: "I was subject to severe spells of backache and other kidney trouble. They would come on every three or six months and there were times when I was confined to bed and rendered helpless. The quick and decided benefit I received from Doan's Kidney Pills was wonderful. I have never had such severe attacks since." (Statement given February 13, 1914.)

NO TROUBLE SINCE

On November 16, 1916, Mrs. Burns said: "I have the same good words of praise for Doan's Kidney Pills to-day, as ever. I have not needed a kidney medicine since I took them."

Mrs. Burns is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Burns had—the remedy backed by home testimony. 50 cents at all stores. IN MEMORIAM

(From Flora Democrat of July 2, 1896.)

Rev. Jonathan Edwards Spillman, D. D., was born at Greenville, Kentucky April 15th, and died at Flora, Illinois, May 23rd, 1896, aged eighty-four years one month and eight days. He removed with his parents to Illinois during his boyhood and afterwards entered Illinois College at Jacksonville. He and the late ex-Governor Richard Yates formed the first graduating class from that institution, and finished the course in 1835. Going to Lexington, Kentucky, he read law, and graduated at the Transylvania Law School. He became successful as a lawyer and was a partner of the late Judge Samuel M. Moore, of Chicago, formerly of Kentucky, and of Judge J. W. Menzies, of Covington, Kentucky, afterwards Congressmen from that district.

But feeling the call of duty to the ministry he gave up his lucrative practice, and after proper preparation he was licensed to preach by the Presbytery of West Lexington in 1858, and was called to the pastorate of the Second Presbyterian church in Covington, Kentucky. He had helped to found this church while a resident of Covington in the practice of law, and had been an Elder in it. He received the Degree of Doctor of Divinity from Central University at Richmond, Kentucky, in 1876. After about thirty-four years of active work in the ministry, during which time he had the care of churches at Covington, Nicholasville and Maysville, Kentucky, Canton, Mississippi, and Salem and Carmi, Illinois, he, in 1892, being then over eighty years of age, asked to be honorably retired from active work on account of advancing years, and removed to Flora, Illinois, to make his residence near members of his family.

After his retirement from active work he still continued to preach the

most of the time until November, 1895, when failing health compelled him to desist, his last Sabbath service being a Communion service at the Presbyterian church in Flora on the first Sabbath of November.

Music, in which he excelled, was a favorite recreation with him in his younger days, and he was the author of a number of songs, the most noted of which is "Flow Gently Sweet Afton."

He was twice married, his first wife being Miss Mary B. J. Menefee, daughter of Major Menefee, of Jessamine County, Kentucky. She died in 1843 leaving an infant daughter who survived her but a few months.

In 1845 he married Miss Eliza S. Taylor, of Jefferson County, Kentucky, a niece of General Zachary Taylor, who died in August, 1866, leaving six children, all of whom are now living. Four others had died in infancy or childhood.

In this notice, giving mainly the leading facts in his life, and prepared by a member of his family at the request of the editor of this paper, any eulogy would be out of place. But his life was an open one, singularly pure and devoted to duty, and the care of those he loved. And were it necessary his children would willingly and gladly bear the heritage of that life than any earthly possessions he could have left them, had he been possessed of untold wealth.

GREAT POSSIBILITIES IN SILENCE

At a tuberculosis sanitarium in Maryland a cure has been effected with only unbroken silence as medicine. A prominent Baltimore manufacturer kept silent for a year to give the tissues of his vocal organs a chance to strengthen and thus resist the spread of the tubercular infection. He is now in good health.

The treatment is such as we should like to see prescribed by physicians in a much wider therapeutics. It might, we should think be prescribed for colds, as being possibly symptomatic of graver complications. Silencing the great army of people with colds, who insist on telling how they got them, and how they are trying to get rid of them, would be something, in fact much.

But we look beyond any limitation of bronchial or pulmonary disorders. Now that we have heard of the curative power of silence, something in the efficacy of which we have always believed, no pentup Utica shall contract our powers, but the whole boundless continent of disease is ours. The man who regales his friends with details of his pains and aches; the one who likes to mourn in company with another likewise afflicted; he whose fearful soul imagines fatal ills at any visitation of pain through which kind nature may be setting right some irregularity in his system; all and singular the multitudes who die every day the death of fear, and who afflict their friends with their dolorous cries—these and countless others, should get the prescription of silence, and have trained nurses set over them to see that they take their medicine.

There is hope in the Maryland experiment from more than one point of view. If silence is curative, let it be used on those who are really afflicted. If its compulsory use can be made to disband the great army of hypochondriacs, so much the better.—St. Louis Globe-Democrat.

AIRPLANE MAIL SERVICE IN EAST WILL BE ESTABLISHED

Washington, February 12—Establishment of an airplane mail service between Washington, Philadelphia and New York during the coming summer was indicated today, when the Postoffice Department called for bids on five airplanes for that service. The service will begin with one round trip a day and later may be expanded. First-class mail only will be carried at the outset of the service. The specifications of the Postoffice Department call for machines which have stood satisfactory test in the War and Navy Departments service. The bids will be opened February 21, and the airplanes are to be delivered not later than April 25 this year. Arrangements have been made with the War Department to release a sufficient number of motors to equip the machines.

Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, etc. F. J. CHENEY & CO., Toledo, O.

MUCH DISCUSSION

Of Re-establishment of County Court Day Stock Sales at Fifth Weekly Meeting of Chamber of Commerce.

The fifth weekly meeting of the Chamber of Commerce was held in the assembly hall with quite a good attendance present. Secretary Dodds, as chairman of the evening called the meeting to order and stated the purpose of the meeting. He then introduced the speaker of the evening, Mr. A. L. Glascock, Director of County Affairs.

Mr. Glascock in his remarks spoke of the successful stock sales that were former days and expressed the hope that they would be revived. Speaking of the prosperity of those times he related the fact that on Mason County Court days his father would have no opportunity to go to lunch for the immense business he was enjoying. He confessed that he had sold quite a bit of stock on the Flemingsburg market because the local market was so uncertain, same reason that the other Mason county men sell on the Fleming market. He criticized the former policy of those in charge of the stock sale in not having a permanent place where the farmers could feel sure they could dispose of their stock. He expressed his belief in the fact that the stock sales market could rise to the same successful proportion as the present tobacco market had risen from its humble beginning.

The Secretary informed those present that it was the intention of the committee, if possible, to re-establish the stock sales on March Court day, that the committee are expecting to take several machine loads of boosters to Mt. Olivet sales next Monday and Fleming sales the following Monday; they intended to urge the restaurant keepers to put forth an extra effort in giving the visitors a big feed on Court day and that they expect to purchase quite a bit of publicity for the event.

Mr. Maurice Kirk stated that there are from 5,000 to 10,000 visitors and that as high as 10,000 cattle are sold in the Mt. Sterling market.

Judge Purnell stated that as a committee of one appointed by the stock sales committee to visit Mrs. Hunter in an endeavor to obtain a proposition on her lot at Second and Government Square, he had had an interview with Mrs. Hunter and she offers the stock sales committee a proposition of \$150 for the use of the lot for one year. He expressed his belief in the need of the re-establishment of the stock sales and that he appreciated the benefit the city and county will derive from such.

Mr. L. T. Anderson, a visitor of the evening, was called on for his suggestions and he said that he believed that Maysville should rise to the opportunity that was presenting itself to re-establish Court day stock sales. He said a committee should be appointed to get in touch with every trader, dealer and raiser in all of the adjoining counties and bring them together on Court day. He is a great believer in the value of publicity and urges the committee to not be too economical in the purchase of publicity; to exercise wisdom in the purchase of space and in preparing the copy. He believes that the stock sales must be greatly advertised if the desired success is to be attained. He spoke of the adaptability of Mt. Olivet and some of the other counties to hold these sales, also the inadaptability of Mason county and the need for a greater effort to offset this condition.

Chairman Brown of the Stock Sales Division expressed his belief in the need of closer co-operation between the merchants of the community to put the stock sales proposition across. He believes they can be made a success and that he is going to do all in his power to assist in the work. Mayor Russell expressed his desire of seeing the stock sales re-established and stated that he was willing to lend all the assistance he could, in the endeavor to make Mason County Court day an enjoyable and profitable event.

GARFIELD SUSPENDS HEATLESS MONDAY ORDER

Washington, February 13.—Suspension of the Heatless Monday program was announced today by Fuel Administrator Garfield with the reservation that it may be put back into force before the ten week period expires if a return of bad weather brings another break-down in railroad transportation. At the same time Dr. Garfield gave state Fuel Administrators full authority to continue the closing order in territory under their jurisdiction if in their opinion circumstances demand it. Aside from New England, it was said, there was little probability that it would remain in force any where. In the New England states the program may be carried through to March 25, the date originally set.

The Heatless Monday program was decreed by the Fuel Administration on January 17 and four have been observed in all states East of the Mississippi except those South of Virginia. The order was enforced in the South on three Mondays, but was lifted there last week.

Kitchen Patriots Need the Hoosier

Read These Four Reasons
Why You Should Get
It At Once

Food, time, work and money are being saved in more than a million homes every day by the use of the Hoosier Kitchen Cabinet. Hundreds of Domestic Science schools are using it, so the coming housewives can be good cooks and real home managers.

It is wasteful to be without this "automatic servant." And there are four strong reasons why you should get it without delay.

- 1—For loyalty's sake. The Hoosier System protects your flour, sugar and other foods. It prevents waste in measuring and mixing. And it gives you more time for knitting, Red Cross work and other patriotic service. Also for rest.
- 2—We are now offering popular models at before-war prices. Moreover you can pay as convenient. Your money all back if you are not delighted.
- 3—Hoosier's Council of Kitchen Scientists pronounce the new models as complete as can be made. And remember these brilliant women of the Hoosier staff are always in touch with home needs.
- 4—Due to the wartime demand for Hoosier, our allotment is very limited. Lest you be unable to get the model you want later on, come and pick out at once.

HOOSIER KITCHEN CABINET

Please remember, that Hoosier is an actual labor-saving machine. Its scientific arrangement of places for 400 articles within arm's reach saves miles of steps.

You sit and work in comfort instead of stand. You reach instead of walk.

Come now—today. This is the authorized Hoosier store. A small amount is all you need pay at this time.
